

Year 3 Australian Curriculum v8.4			Year 3 Australian Curriculum v9			New Courses: Units of Work	Activities (Courses): Topics	Skill Quests	
Strand	Content Descriptions	Code	Strand	Outcomes	Code	<b>NEW</b>	Australian Curriculum v9 Yr 03		
Number	recognise, model, represent and order numbers to at least 10 000	ACMNA052	Number	recognise, represent and order natural numbers using naming and writing conventions for numerals beyond 10 000	AC9M3N01	Y3 Whole number and place value	Numbers beyond 10 000 with 5 digits	Numbers to 10 000 Numbers to 100 000 Numbers to 1 000 000 Numbers of any size	
	model and represent unit fractions including $\frac{1}{2}$ , $\frac{1}{4}$ , $\frac{1}{3}$ , $\frac{1}{5}$ and their multiples to a complete whole	ACMNA058		recognise and represent unit fractions including $\frac{1}{2}$ , $\frac{1}{4}$ , $\frac{1}{3}$ , $\frac{1}{5}$ and $\frac{1}{10}$ and their multiples in different ways; combine fractions with the same denominator to complete the whole	AC9M3N02	Y3 Fractions Y4 Fractions	Unit fractions	Fraction symbols Find & count in halves & quarters Introduce eighths Introduce thirds Introduce sixths Introduce fifths Introduce tenths	
	apply place value to partition, rearrange and regroup numbers to at least 10 000 to assist calculations and solve problems	ACMNA053		add and subtract two- and three-digit numbers using place value to partition, rearrange and regroup numbers to assist in calculations without a calculator	AC9M3N03		Up to 3 digit add & subtract	Addition & subtraction using place value	
	represent and solve problems involving multiplication using efficient mental and written strategies and appropriate digital technologies	ACMNA057		multiply and divide one- and two-digit numbers, representing problems using number sentences, diagrams and arrays, and using a variety of calculation strategies	AC9M3N04		Multiply & Divide	Multiplication & division	
				estimate the quantity of objects in collections and make estimates when solving problems to determine the reasonableness of calculations <b>NEW</b>	AC9M3N05		Up to 3 digit add & subtract	Estimation strategies	
				use mathematical modelling to solve practical problems involving additive and multiplicative situations including financial contexts; formulate problems using number sentences and choose calculation strategies, using digital tools where appropriate; interpret and communicate solutions in terms of the situation	AC9M3N06	Y4 Fractions		Solve practical problems	
				follow and create algorithms involving a sequence of steps and decisions to investigate numbers; describe any emerging patterns <b>NEW</b>	AC9M3N07			Create algorithms to investigate numbers	
	investigate the conditions required for a number to be odd or even and identify odd and even numbers <b>MOVED TO Y4</b>	ACMNA051							
	represent money values in multiple ways and count the change required for simple transactions to the nearest five cents <b>MOVED TO MEASUREMENT</b>	ACMNA059							

Year 3 Australian Curriculum v8.4			Year 3 Australian Curriculum v9			New Courses: Units of Work	Activities (Courses): Topics	Skill Quizzes
Strand	Content Descriptions	Code	Strand	Outcomes	Code	<b>NEW</b>	Australian Curriculum v9 Yr 03	
Algebra	recognise and explain the connection between addition and subtraction	ACMNA054	Algebra	recognise and explain the connection between addition and subtraction as inverse operations, apply to partition numbers and find unknown values in number sentences	AC9M3A01		Patterns & missing numbers	Addition & subtraction relationship
	recall addition facts for single-digit numbers and related subtraction facts to develop increasingly efficient mental strategies for computation	ACMNA055		extend and apply knowledge of addition and subtraction facts to 20 to develop efficient mental strategies for computation with larger numbers without a calculator	AC9M3A02			Apply knowledge of facts to 20
	recall multiplication facts of two, three, five and ten and related division facts	ACMNA05		recall and demonstrate proficiency with multiplication facts for 3, 4, 5 and 10; extend and apply facts to develop the related division facts	AC9M3A03		Patterns & missing numbers	Multiplication & division facts for 2 Multiplication & division facts for 10 Multiplication & division facts for 5 Mult/div facts for 2, 5 & 10 Multiplication & division facts for 3 Multiplication & division facts for 4
	describe, continue, and create number patterns resulting from performing addition or subtraction <b>➡ MOVED TO Y2</b>	ACMNA060						
Measurement			Measurement	identify which metric units are used to measure everyday items; use measurements of familiar items and known units to make estimates <b>NEW</b>	AC9M3M01		Measurements	Identify metric units of measure
	measure, order and compare objects using familiar metric units of length, mass and capacity	ACMMG061		measure and compare objects using familiar metric units of length, mass and capacity, and instruments with labelled markings	AC9M3M02			Length, mass & capacity
	tell time to the minute and investigate the relationship between units of time	ACMMG062		recognise and use the relationship between formal units of time including days, hours, minutes and seconds to estimate and compare the duration of events	AC9M3M03		Introduce units of time	
				describe the relationship between the hours and minutes on analog and digital clocks, and read the time to the nearest minute	AC9M3M04		Measurements	Tell time
	identify angles as measures of turn and compare angle sizes in everyday situations	ACMMG064		identify angles as measures of turn and compare angles with right angles in everyday situations	AC9M3M05		Shape & space	Identify & compare angles
	represent money values in multiple ways and count the change required for simple transactions to the nearest five cents	ACMNA059		recognise the relationships between dollars and cents and represent money values in different ways	AC9M3M06		Money, Dollars & Cents	Money

Year 3 Australian Curriculum v8.4			Year 3 Australian Curriculum v9			New Courses: Units of Work	Activities (Courses): Topics	Skill Quizzes
Strand	Content Descriptions	Code	Strand	Outcomes	Code	<b>NEW</b>	Australian Curriculum v9 Yr 03	
Geometry	make models of three-dimensional objects and describe key features	ACMMG063	Space	make, compare and classify objects, identifying key features and explaining why these features make them suited to their uses	AC9M3SP01		Shape & space	3D objects
	create and interpret simple grid maps to show position and pathways	ACMMG065		interpret and create two dimensional representations of familiar environments, locating key landmarks and objects relative to each other	AC9M3SP02			Interpret & create maps
	identify symmetry in the environment <small>➡ MOVED TO Y4</small>	ACMMG066						
Statistics	collect data, organise into categories and create displays using lists, tables, picture graphs and simple column graphs, with and without the use of digital technologies	ACMSP069	Statistics	acquire data for categorical and discrete numerical variables to address a question of interest or purpose by observing, collecting and accessing data sets; record the data using appropriate methods including frequency tables and spreadsheets	AC9M3ST01		Record sort read & interpret data	Collect & record data
	interpret and compare data displays	ACMSP070		create and compare different graphical representations of data sets including using software where appropriate; interpret the data in terms of the context	AC9M3ST02		Record sort read & interpret data	Create & compare data representations
	identify questions or issues for categorical variables. Identify data sources and plan methods of data collection and recording	ACMSP068		conduct guided statistical investigations involving the collection, representation and interpretation of data for categorical and discrete numerical variables with respect to questions of interest	AC9M3ST03			Understand statistical investigations
Probability			Probability	identify practical activities and everyday events involving chance; describe possible outcomes and events as 'likely' or 'unlikely' and identify some events as 'certain' or 'impossible' explaining reasoning <small>➡ MOVED FROM Y2</small>	AC9M3P01		Probability and chance	Language of chance
	Understand statistical investigations	ACMSP067		conduct repeated chance experiments; identify and describe possible outcomes, record the results, recognise and discuss the variation	AC9M3P02			Chance experiments

	Term one	Term two	Term three	Term four
Unit 1	<b>Number</b>	<b>Number Algebra</b>	<b>Number</b>	<b>Number</b>
	<b>Addition and subtraction: mental strategies</b> <ul style="list-style-type: none"> <li>Review 3-digit numbers</li> <li>Number facts to 20</li> <li>Place value</li> <li>Read, write and order 4-digit numbers</li> <li>Round numbers</li> <li>Partitioning</li> </ul>	<b>Number Facts and Patterns</b> <ul style="list-style-type: none"> <li>Number facts: 2, 3, 4, 5 and 10</li> <li>Identify and make patterns using shapes &amp; numbers</li> <li>Describe patterns and determine rules</li> <li>Find missing terms</li> </ul>	<b>Numbers to 1 000 000</b> <ul style="list-style-type: none"> <li>Read, write and represent numbers to 1 000 000</li> <li>Place value</li> <li>Compare and order numbers to 1 000 000</li> <li>Round to nearest 10, 100, 1000</li> </ul>	<b>Money and number review</b> <ul style="list-style-type: none"> <li>Recognise money</li> <li>Count money</li> <li>Money conversions</li> </ul>
Unit 2	<b>Number Algebra</b>	<b>Number Algebra</b>	<b>Number</b>	<b>Number Algebra</b>
	<b>Addition and subtraction (2-digit numbers)</b> <ul style="list-style-type: none"> <li>Addition and subtraction facts to 10 and 20</li> <li>Inverse operations</li> <li>Efficient mental strategies to add and subtract 2-digit numbers</li> </ul>	<b>Multiplication and division: 1- by 1-digit numbers</b> <ul style="list-style-type: none"> <li>Use efficient mental strategies for multiplication and division</li> <li>Solve problems involving multiplication and division</li> </ul>	<b>Addition and subtraction (3-digit numbers)</b> <ul style="list-style-type: none"> <li>Efficient mental strategies to add and subtract 3-digit numbers</li> </ul>	<b>Operations review</b> Review earlier content
Unit 3	<b>Number</b>	<b>Number</b>	<b>Number Algebra</b>	<b>Measurement</b>
	<b>Fractions: Halves, quarters and eights</b> <ul style="list-style-type: none"> <li>Represent unit fractions</li> <li>Create wholes using unit fractions</li> <li>Find fractions of a collection</li> <li>Count in fractions</li> </ul>	<b>Fractions: Thirds, fifths, and multiples</b> <ul style="list-style-type: none"> <li>Count with fractions</li> <li>Fractions of a collection</li> <li>Equivalent fractions</li> </ul>	<b>Multiplication and division: 1- by 2-digit numbers</b> <ul style="list-style-type: none"> <li>Efficient mental strategies to multiply and divide 2-digit numbers</li> <li>Solve problems involving multiplication and division</li> </ul>	<b>Time</b> <ul style="list-style-type: none"> <li>Use formal units of time</li> <li>Estimate durations</li> <li>Read and represent digital and analogue time</li> <li>Use timers</li> </ul>
Unit 4	<b>Measurement Algebra</b>	<b>Statistics</b>	<b>Probability Statistics</b>	<b>Space</b>
	<b>Length</b> <ul style="list-style-type: none"> <li>Identify appropriate units of measurement</li> <li>Measure length using mm, cm &amp; m</li> <li>Estimate and compare length</li> </ul>	<b>Data</b> <ul style="list-style-type: none"> <li>Collect data</li> <li>Represent data using graphs and tables</li> <li>Interpret data</li> </ul>	<b>Chance and data</b> <ul style="list-style-type: none"> <li>Use language of probability</li> <li>Conduct simple chance experiments</li> <li>Graph results</li> <li>Interpret data</li> </ul>	<b>Position and 2D shape</b> <ul style="list-style-type: none"> <li>Interpret 2D representations of environments</li> <li>Interpret maps</li> <li>Create and follow directions</li> </ul>
Unit 5	<b>Space</b>	<b>Space Measurement</b>	<b>Measurement</b>	<b>Measurement</b>
	<b>3D Objects</b> <ul style="list-style-type: none"> <li>Recognise 2D shapes in 3D objects</li> <li>Describe, sort and compare 3D objects</li> <li>Create 3D models</li> </ul>	<b>2D shape and angles</b> <ul style="list-style-type: none"> <li>Review properties of shapes</li> <li>Use quarter, half, and three-quarter turns</li> <li>Compare angles to right angles</li> </ul>	<b>Mass and capacity</b> <ul style="list-style-type: none"> <li>Measure weight using g &amp; kg</li> <li>Compare the weight of objects</li> <li>Measure capacity using mL &amp; L</li> <li>Compare the capacity of containers</li> </ul>	<b>Measurement review and applications</b> <ul style="list-style-type: none"> <li>Choose appropriate units</li> <li>Use measurement in everyday situations</li> </ul>

Strand	Outcomes and content descriptions	Located
Number	<b>AC9M3N01</b> recognise, represent and order natural numbers using naming and writing conventions for numerals beyond 10 000	T1 U1 T3 U1 T4 U1
	<b>AC9M3N02</b> recognise and represent unit fractions including $\frac{1}{2}$ , $\frac{1}{3}$ , $\frac{1}{4}$ , $\frac{1}{5}$ and $\frac{1}{10}$ and their multiples in different ways; combine fractions with the same denominator to complete the whole	T1 U3 T2 U3
	<b>AC9M3N03</b> add and subtract two- and three-digit numbers using place value to partition, rearrange and regroup numbers to assist in calculations without a calculator	T1 U2 T3 U2 T4 U2
	<b>AC9M3N04</b> multiply and divide one- and two-digit numbers, representing problems using number sentences, diagrams and arrays, and using a variety of calculation strategies	T2 U2 T3 U3 T4 U2
	<b>AC9M3N05</b> estimate the quantity of objects in collections and make estimates when solving problems to determine the reasonableness of calculations	T1 U1, U2 T3 U2 T4 U1, U2
	<b>AC9M3N06</b> use mathematical modelling to solve practical problems involving additive and multiplicative situations including financial contexts; formulate problems using number sentences and choose calculation strategies, using digital tools where appropriate; interpret and communicate solutions in terms of the situation	T1 U2, U3 T2 U2, U3 T3 U2, U3 T4 U2
	<b>AC9M3N07</b> follow and create algorithms involving a sequence of steps and decisions to investigate numbers; describe any emerging patterns	T2 U1 T3 U3
Algebra	<b>AC9M3A01</b> recognise and explain the connection between addition and subtraction as inverse operations, apply to partition numbers and find unknown values in number sentences	T1 U2 T4 U2
	<b>AC9M3A02</b> extend and apply knowledge of addition and subtraction facts to 20 to develop efficient mental strategies for computation with larger numbers without a calculator	T1 U2, U4 T4 U2
	<b>AC9M3A03</b> recall and demonstrate proficiency with multiplication facts for 3, 4, 5 and 10; extend and apply facts to develop the related division facts	T2 U1, U2 T3 U3 T4 U2
Measurement	<b>AC9M3M01</b> identify which metric units are used to measure everyday items; use measurements of familiar items and known units to make estimates	T1 U4 T3 U5 T4 U5
	<b>AC9M3M02</b> measure and compare objects using familiar metric units of length, mass and capacity, and instruments with labelled markings	T1 U4 T3 U5 T4 U5
	<b>AC9M3M03</b> recognise and use the relationship between formal units of time including days, hours, minutes and seconds to estimate and compare the duration of events	T4 U3 T4 U5
	<b>AC9M3M04</b> describe the relationship between the hours and minutes on analogue and digital clocks, and read the time to the nearest minute	T4 U3 T4 U5
