3P Learning's CEO, Jose Palmero, said "Revenue for the first half was 2% lower than pcp. This was mainly due to the transition of Reading Eggs customers from Edmentum in the US-schools market. Annual Recurring Revenue was 4% higher than June 2024 which includes the acquisition of LiteracyPlanet that closed on January 3, 2025. Our B2C business delivered 1% Billings growth despite significant cost of living pressures for parents."

"Our cost management initiatives delivered a substantial improvement in underlying EBITDA, which was \$6.8m, a 98% increase on pcp. Underlying cashflow was \$1.4m vs (\$2.4m) in pcp, which was an improvement of \$3.8m."

3P Learning's Executive Chairman, Matthew Sandblom, said "FY25 has been a year of transition with the introduction of the 3 Essentials and we have passed the peak of our large investment in new and existing products. We have seen some good early signs from the 3 Essentials with its compelling value and ease of use for customers and expect to see a greater impact in FY26.

A "Underlying" is a non-statutory measure and is the primary reporting measure used by the CEO, CFO and Board of Directors for assessing the performance of our business. EBITDA is earnings before interest, tax, depreciation and amortisation, excluding unrealised foreign exchange gains or losses, corporate advisory costs, restructure and integration costs, buy-back of distributor rights and deferred contract costs on buy-back of distributor rights arising prior to the buy-back in the previous financial year.

Additionally, with work underway to simplify and make our operations more efficient, we expect our Underlying EBITDA and cash generation to be stronger in the second half of FY25. Our focus now is to show continued improvement and better returns for our shareholders.”

No dividend has been declared.
