## Human Math Bingo

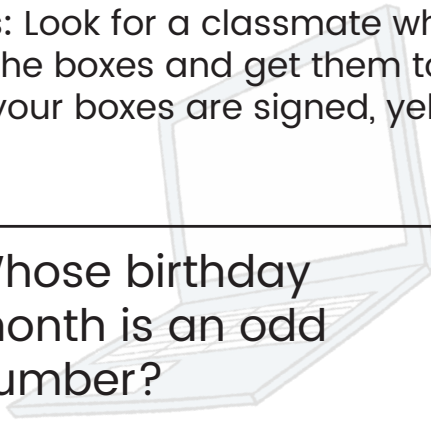

Directions: Look for a classmate who matches a description in one of the boxes and get them to write their name in it. When all your boxes are signed, yell out BINGO!

### Find someone:

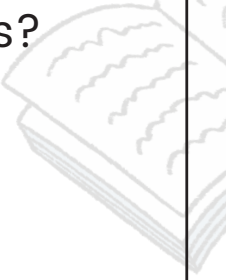

Who has an even number of brothers?

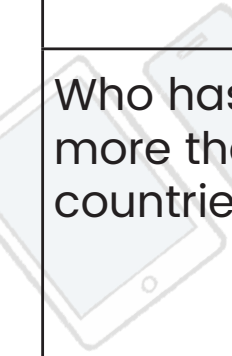

Whose birthday month is an odd number?

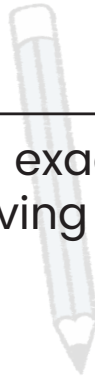

Who can tell you what  $>$  means?

Who has visited more than 2 countries?

Who has exactly 5 people living in their home?

Whose birthday date contains an 8?

Who has an odd number of cars in their family?

Whose entire name (including middle name) contains more than 20 letters?

Whose birthday month contains the same number of letters as your birthday month?
