

8 Tens Frame Activities for Developing Number Sense

Activity 1: Let's Make Ten!

Complete the addition sentence using the boxes below.

Example:

$$5 + 5 = 10$$

Question 1

$$9 + \square = 10$$

Question 2

$$1 + \square = 10$$

Question 3

$$\square + 3 = 10$$

Activity 1: Let's Make Ten!

Complete the addition sentence using the boxes below.

Question 4

$$\square + 7 = 10$$

Question 5

$$\square + 2 = 10$$

Question 6

$$\square + \square = 10$$

Question 7

$$\square + \square = 10$$

Question 8

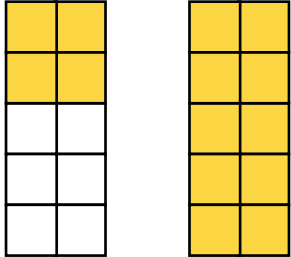

$$\square + \square = 10$$

Activity 2:

Tens Frame Addition

Colour in the boxes below to make and calculate the answer.

Example:

$$4 + 10 = 14$$

Question 1

$$10 + 1 = \square$$

Question 2

$$8 + 7 = \square$$

Question 3

$$6 + 10 = \square$$

Question 4

$$2 + 5 = \square$$

Activity 2: Tens Frame Addition

Colour in the boxes below to make and calculate the answer.

Question 5

$$10 + 10 = \square$$

Question 6

$$5 + 9 = \square$$

Question 7

$$8 + 10 = \square$$

Question 8

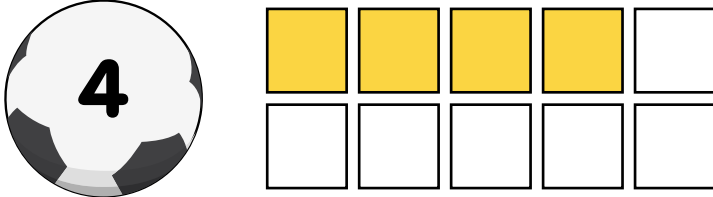

$$3 + 9 = \square$$

Activity 3: Number Representations to 10

Colour in the boxes below to represent the number on the ball.

Example:

Question 1

Question 2

Question 3

Question 4

Question 5

Question 6

Question 7

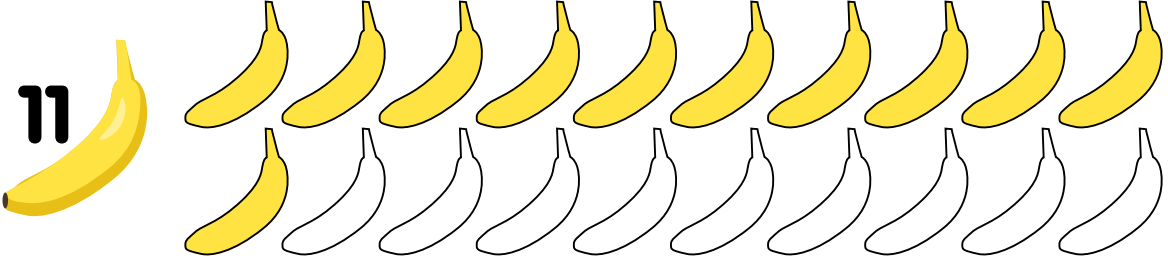

Question 8

Activity 4:

Number Representations to 20

Colour in the fruits in the boxes below to equal the number written on the fruit.

Example: **11** 

Question 1

Question 2

Question 3

Question 4

Activity 4: Number Representations to 20

Colour in the fruits in the boxes below to equal the number written on the fruit.

Question 5

Question 6

Question 7

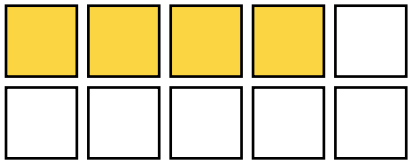

Question 8

Activity 5: Tens Frame Counting

Count the number of animals and colour in the squares in the boxes below.

Example:

Question 1

Question 2

Question 3

Question 4

Question 5

Activity 6:

Cut and Count Number Game

Cut out the flowers and paste them in the boxes on the next page.

Activity 6: Cut and Count Number Game

Example:

Question 1

4 Flowers

Question 2

8 Flowers

Activity 6: Cut and Count Number Game

Question 3

3 Flowers

Question 4

5 Flowers

Activity 7: Count Addition

Draw flowers in the boxes below to complete the number sentence.

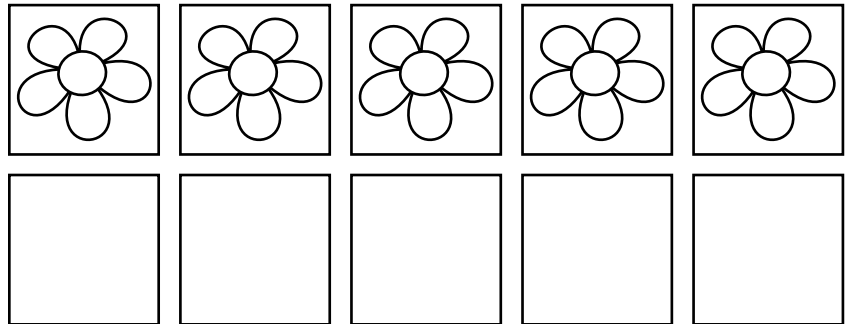

Example:

$$2 + 6 = 8$$

Question 1

$$5 + 5 = \square$$

Question 2

$$4 + 1 = \square$$

Question 3

$$5 + 3 = \square$$

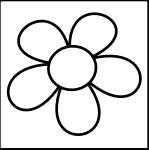

Activity 7: Count Addition

Draw flowers in the boxes below to complete the number sentence.

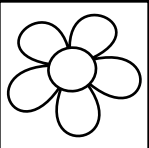

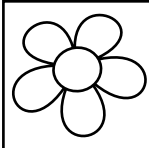

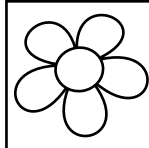

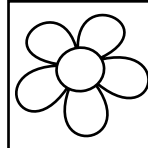

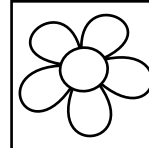

Question 4

$$1 + \square = 5$$

	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

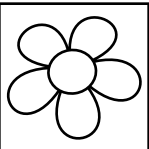

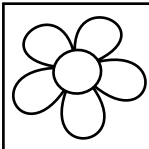

Question 5

$$5 + \square = 8$$

				
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Question 6

$$2 + \square = 7$$

		<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Activity 8:

Tens Frame War

1. Print a set of tens frames for each student.
2. Divide your class into pairs.
3. Students cut out frames, put them in a pile, and mix them up.
4. Each partner flips over one card, the partner with the highest tens frame takes both cards.
5. The game continues until all cards have been played. The player with the most cards wins.
