

Graphic organiser: Anecdote

Use the story chain below to help you plan and organise your information for your own anecdote.

The graphic organizer consists of seven empty, rounded rectangular boxes with black outlines, arranged in a zig-zag pattern. The boxes are intended for students to write the events of their anecdote in chronological order. The layout starts with a box on the top left, followed by a box to its right, then a box below that, and continues this pattern until the final box on the bottom right.
