

Mathletics Primary Console Map

Curriculum-Aligned Activities

Learn gives students access to curriculum-aligned practice activities and support materials, designed to consolidate a deeper understanding of concepts.

Explore

Explore helps students develop their critical and creative mathematical thinking through Problem Solving & Reasoning Questions.

Game-Based Learning

Play offers a range of engaging mathematical games including Live Mathletics, Multiverse and Rainforest Maths and more.

Assigned Tests

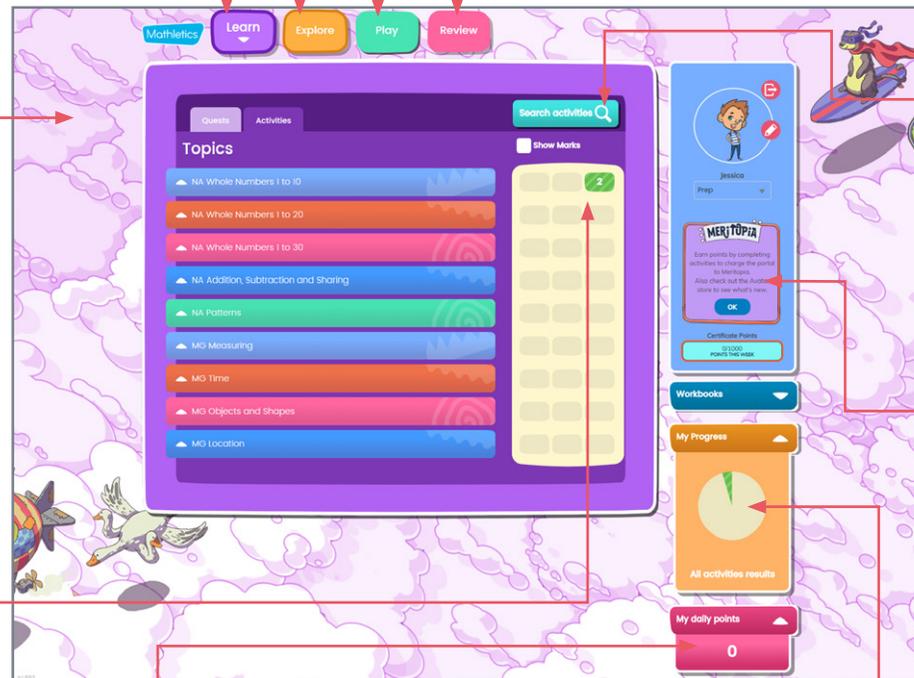

Review is where the students can access assessments that have been set by teachers.

Personalised Learning Environment

The student interface is customisable, allowing students to create their own avatars and modify their backgrounds.

View Results

The traffic light system allows students to easily track their progress through each topic. Red signals require additional study, yellow signals indicate that the student's understanding is developing and green shows evidence of mastery.

Search

Students can use the search function to quickly find curriculum activities or content.

Meritopia

An engaging student reward system. Students earn points as they complete activities which opens the door to an interactive game like world.

Celebrate Learning!

Daily and weekly point indicators let students know how many points they have earned for correctly answering curriculum activities and Live Mathletics questions, as they work towards earning certificates and claiming their place on the Mathletics Hall of Fame!

Self-Directed Learning

My progress shows the total number of activities completed, with the results clearly displayed, to allow students to identify strengths and weaknesses in their own learning.

Curriculum-Aligned Activities

Learn gives students access to curriculum-aligned practice activities and support materials, designed to consolidate a deeper understanding of concepts.

Explore

Explore helps students develop their critical and creative mathematical thinking through Problem Solving & Reasoning Questions.

Game-Based Learning

Play offers a range of engaging games including Live Mathletics where students can challenge each other in fluency races, beyond computational skills. Multiverse engages students in a space adventure while developing rapid recall of multiplication facts.

Personalised Learning Environment

The secondary student interface has a more mature look and feel, and is customisable, allowing students to create their own avatars and change their backgrounds.

Mathletics

Teacher Console Map

Manage Students

View classes, create groups, assign courses, change curriculum, download sign-in cards and print certificates all on one screen.

Courses

View available curriculum courses, show/hide course topics and modify courses. Assign tests to assess individual student's understanding.

Resources Hub

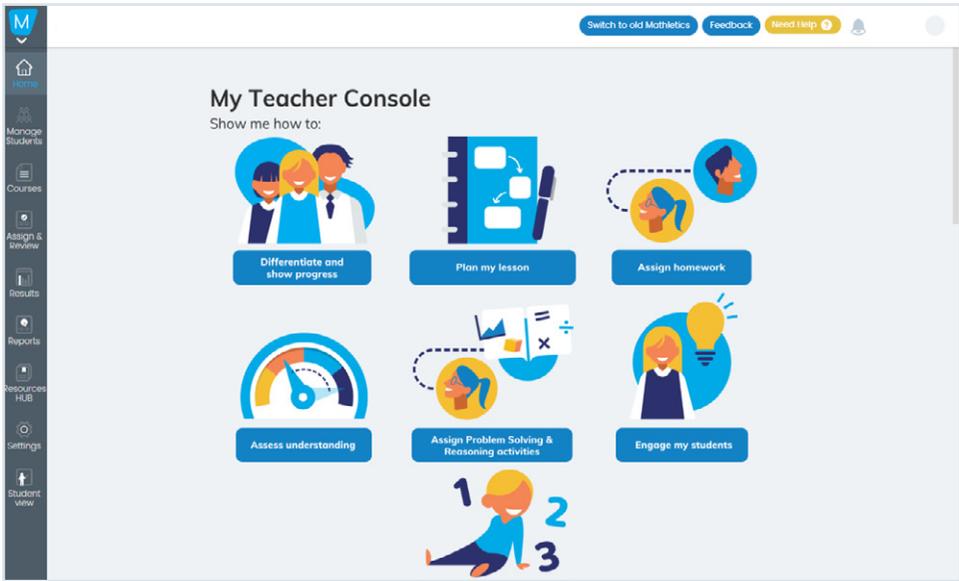

Access over 700 Problem Solving & Reasoning Activities and hundreds of printable eBooks.

Settings

Set Live Mathletics minimum levels for each student.

The simple left-hand navigation menu is designed to make teacher tools easily accessible.

Assign & Review

Preview and assign curriculum aligned activities, problem solving & reasoning activities and assessments all in one area.

Show Me How

A step by step guide to your Mathletics features without leaving your console.

Reports

View in-depth achievement, improvement, and usage data at a class and student level.

Student View

Use the student console to attempt curriculum activities with your class, introduce concepts or play one of the engaging mathematical games with your students.

Results

Students are grouped by grade band based on the result of their latest attempt at each activity. View the 10 most recently attempted activities, results by student or results by topic and activity.
