

My courses

View courses you are using and modify courses you own

Every Mathletics course consists of a number of curriculum-aligned topics. Each of these topics contains a series of assignable activities covering the various concepts within that topic.

Courses I am using

Courses assigned to the groups in your classes

Authored courses

Courses you have created from templates

Focusing your students on selected topics

- 1 Select **My Courses**.
- 2 Select the **Courses I am using** tab.
- 3 Select a course from the list noting which group the course is assigned to.
- 4 Click **Show/hide course content**.
- 5 Select a topic on the left to view the activities for that topic on the right.
- 6 Click  next to each topic to choose which topics are visible to the students in the group this course is assigned to.
- 7 Click **Save**.

Something easier

The Something easier section contains prerequisite activities for each topic.

Preview Activity – opens the activity for you to check for suitability and even work through example questions with your class.

View Activity Teacher Guide – opens a PDF document showing the content of the activity. For adaptive activities, an example of a question from each level is shown.

View/copy
courses
View and copy a course
to use as a template

Browse the Mathletics Library to find the most appropriate course for your needs.

View Mathletics courses

- 1 Select View/copy courses.
- 2 Select the **Mathletics courses** tab.
- 3 Select the country and grade for the courses you wish to view.
- 4 Click **View course** to view the course content.

Authoring a course from a template

- 1 Use the procedure above to find an appropriate course to use as your starting point.
- 2 Click **Use this course as a template**.
- 3 Name your new course.
- 4 Select the years for the course to indicate the intended year level.

NOTE: This course will be available to all other teachers at your school. A clear naming strategy will help other teachers understand the nature of your course, e.g. "Year 5 Extension".

Editing your course

Change the order in which topics and activities are displayed, delete content from your course, and add topics and activities from other curriculums.

- 1 You can:
 - Reorder topics and activities 
 - Delete whole topics or activities 
 - Edit topic names 
 - Add topics and activities from other courses
- 2 Click **Add topic/activity** to browse a list of available courses to add content from.
- 3 Use the filters to narrow down your selection.
- 4 Select a course.
- 5 A list of topics from this course will now be displayed in the left column. Drag a topic across to the middle column using the .
- 6 Alternatively, click the  next to a topic to reveal the activities within that topic.
- 7 Drag an activity across to the appropriate topic in the middle.
- 8 Click **Save**.

For instructions on assigning your authored course to a group see page 2 of the '**Classes Quick Guide**'.

Modifying your courses

Follow these steps to modify a previously saved course.

- 1 Select **Courses and Tests** from the left-hand navigation menu.
- 2 Select **My Courses**.
- 3 Select the **Authored courses**.
- 4 Select the course you wish to modify.
- 5 Click **Modify course**.
- 6 Click  next to each topic to choose which topics are visible to the students in the group this course is assigned to.
- 7 Click **Save** once you have finished modifying your course.
