

Curriculum-Aligned Activities

Learn gives students access to curriculum-aligned practice activities and support materials, designed to consolidate a deeper understanding of concepts.

Explore

Explore helps students develop their critical and creative mathematical thinking through Problem Solving & Reasoning Questions.

Game-Based Learning

Play offers a range of engaging games including Live Mathletics where students can challenge each other in fluency races, beyond computational skills. Multiverse engages students in a space adventure while developing rapid recall of multiplication facts.

Personalised Learning Environment

The secondary student interface has a more mature look and feel, and is customisable, allowing students to create their own avatars and change their backgrounds.

View Results

The **traffic light system** allows students to easily track their progress through each topic. Red signals require additional study, yellow signals indicate that the student's understanding is developing, green shows evidence of mastery.

Celebrate Learning!

Daily and weekly point indicators let students know how many points they have earned for correctly answering curriculum activities and Live Mathletics questions, as they work towards earning certificates and claiming their place on the Mathletics Hall of Fame!

The Hall Of Fame

Leaderboards display the top scoring students and classes, in both the country and the world.

Self-Directed Learning

My progress shows the total number of activities completed with the results clearly displayed, to allow students to identify strengths and weaknesses in their own learning.

Assigned Tests

Review is where the students can access assessments that have been set by teachers.

Search

Students can use the search function to quickly find curriculum activities or content.

Meritopia

An engaging student reward system. Students earn points as they complete activities which opens the door to an interactive game like world.
