

# Quick Guide to Blended Learning with WordFlyers

## 1 Use WordFlyers' Digital Activities to Reinforce Class Lessons

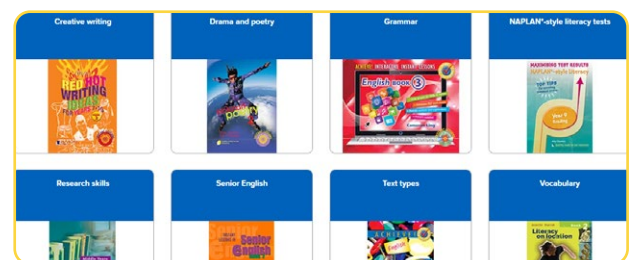

- Use support guides to find a suitable activity
- Go to **Assignments**
- Click **+Create an assignment**
- Select a name, students and start and due date
- Find activities using the dropdown filters
- Add activities to the assignment by clicking **+Add unit/lesson to assignment**
- Click **+Create this assignment**

You can preview any WordFlyers Unit or Lesson before assigning it to a student by visiting your **Lesson Preview** tool.

## 2 Introduce a Topic with WordFlyers' Digital Activities and Assign Worksheets for Homework

- Use **Student Demo** to introduce a topic
- Go to **Teaching Resources**
- Select **Additional Resources**
- Choose a suitable worksheet
- Click **Download**

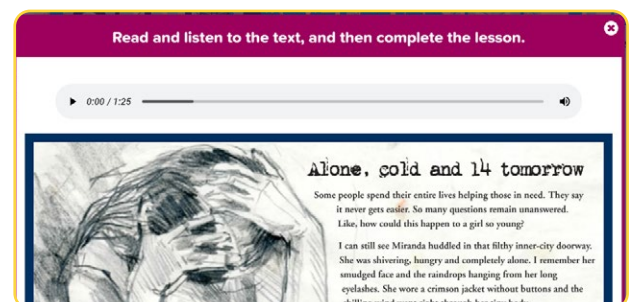

The additional worksheets in WordFlyers are extensive and cover a range of literacy topics such as creative writing, drama and poetry, and grammar.

## 3 WordFlyers Tutorials Follow a Traditional Learning Approach

- Click **Try the Student Demo**
- Select a blue tile
- Listen/Read the tutorial

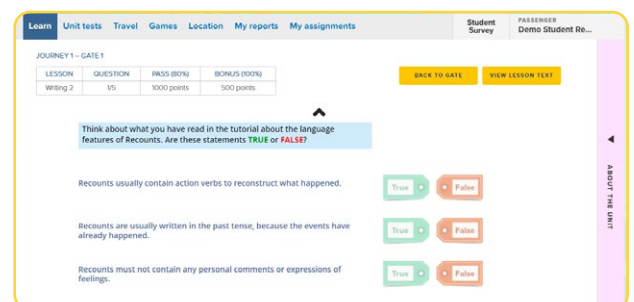

All WordFlyers tutorials are presented in written mode and have audio support to help students who may struggle with reading.

## 4 Digital, Interactive Activities

- Click **Try the Student Demo**
- Select a blue tile
- View (or work through) the student activity

The digital activities cover Vocabulary, Spelling, Punctuation, Grammar, Reading Comprehension, and Writing.

## 5 Real-world Texts Contextualise Literacy Learning

- Go to **Lesson Preview**
- Select **Unit**
- Click **Preview Text**

WordFlyers lessons present students with the opportunity to learn about and use literacy and language skills in context.
