

# Mathletics Student Rewards and Recognition

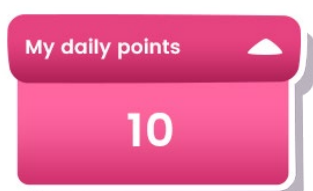

## Mathletics understands that different students are motivated by different rewards.

Mathletics understands that different students are motivated by different rewards. From avatar credits for improvement, to points for correct answers, certificates and more, find out how Mathletics keeps students engaged in their mathematics learning.

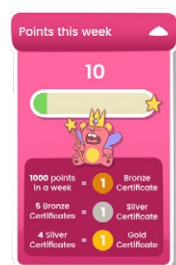

**Point:** Students are awarded points for every correct answer they give in Mathletics curriculum activities and Live Mathletics. The student's weekly points score is displayed at the top of the student console. When a student has earned 1000 points in a single week they are awarded a certificate.

### My daily points

In [Learn](#), daily points are displayed on the right-hand side.  
*This resets every 24 hours.*

### Points this week

In [My progress](#), points this week are displayed on the right-hand side.  
*This resets each week.*

### Earning points

- **Curriculum activities** 1 correct answer = 10 points
- **Are you Ready?** 1 correct answer = 20 points
- **Topic Tests** 1 correct answer = 20 points
- **Live Mathletics** 1 correct answer = 1 point  
Bonus Level – 1 correct answer = 2 points

*Each week, students can earn a maximum of 300 points on any one activity and 600 points on any one test.*

### Earning certificates

1000 points earned in a week = **1 Bronze certificate**  
5 Bronze certificates = **1 Silver certificate**  
4 Silver certificates = **1 Gold certificate**

Students cannot earn more than one of the same type of certificate in the same week.

Example: Student earned 2100 points in one week, student earned 1 Bronze certificate.

However, different types of certificates can be awarded in the same week.

Example: Student earned their 20th Bronze Certificate this week. This also gave them their 4th Silver Certificate, which, in turn, earned them a Gold Certificate.

### UNICEF points

Questions answered in Live Mathletics and completed curriculum activities in Mathletics earn **UNICEF POINTS** and contribute to providing access to education for students in need.

# Mathletics Student Rewards and Recognition

**Hall of Fame:** The students and classes who earn the most Mathletics points will receive global recognition in the Mathletics Hall of Fame!

Located in the student console, the **Top Students** leaderboard shows the total **daily points** earned by students within the current 24-hour period. This leaderboard resets every day.

- Students can view their **daily points** on the Learn page of the student console.
- If the daily points total is high enough, their name can appear on the Hall of Fame leaderboard that day!

Located on the Mathletics homepage, the **Top Classes** leaderboard shows the Top 50 classes by **highest average points per student** during each weekly period.

- Students can view their **points this week** on the top bar of the student console.
- If the **average points per student** in the class are high enough, the class will appear on the Hall of Fame leaderboard that week!

**MATHLETICS HALL OF FAME**

HOW DOES THE HALL OF FAME WORK?

Mathletes Online: 2,918

Lifetime Correct Answers: 31,416,654,315

### World Top 50 Classes

Time remaining 03 days

Previous Current

Position	Country	Name	School	Points
1		Mrs. Sorrento : Year 5	St. Barnaby Elementary, Canada	7337
2		Mr. Farris : Year 2	Marget High School, Australia	7236
3		Mr. Cook : Year 4	St. Barnaby Elementary, Canada	6975
4		Mr. Lopez : Year 5	De Nuevo Laredo, Mexico	6625
5		Miss Garcia : Year 3	International School, Mexico	6534
6		Mrs. Simons : Year 4	Trinity Primary School, New Zealand	6481

# Mathletics Student Rewards and Recognition

**Credits:** In addition to points, students can earn credits as a bonus reward for significant achievement in Mathletics. These credits can be used to buy clothes and accessories for their Mathletics avatar.

Students can update their avatar on the right-hand side of the student console.

## Earning credits

### Curriculum activities

10 correct questions answered = 10 credits

Earning a high score (>60%) = 10 credits

### Certificates

1 Bronze Certificate = 100 credits

1 Silver Certificate = 150 credits

1 Gold Certificate = 250 credits

### Live Mathletics

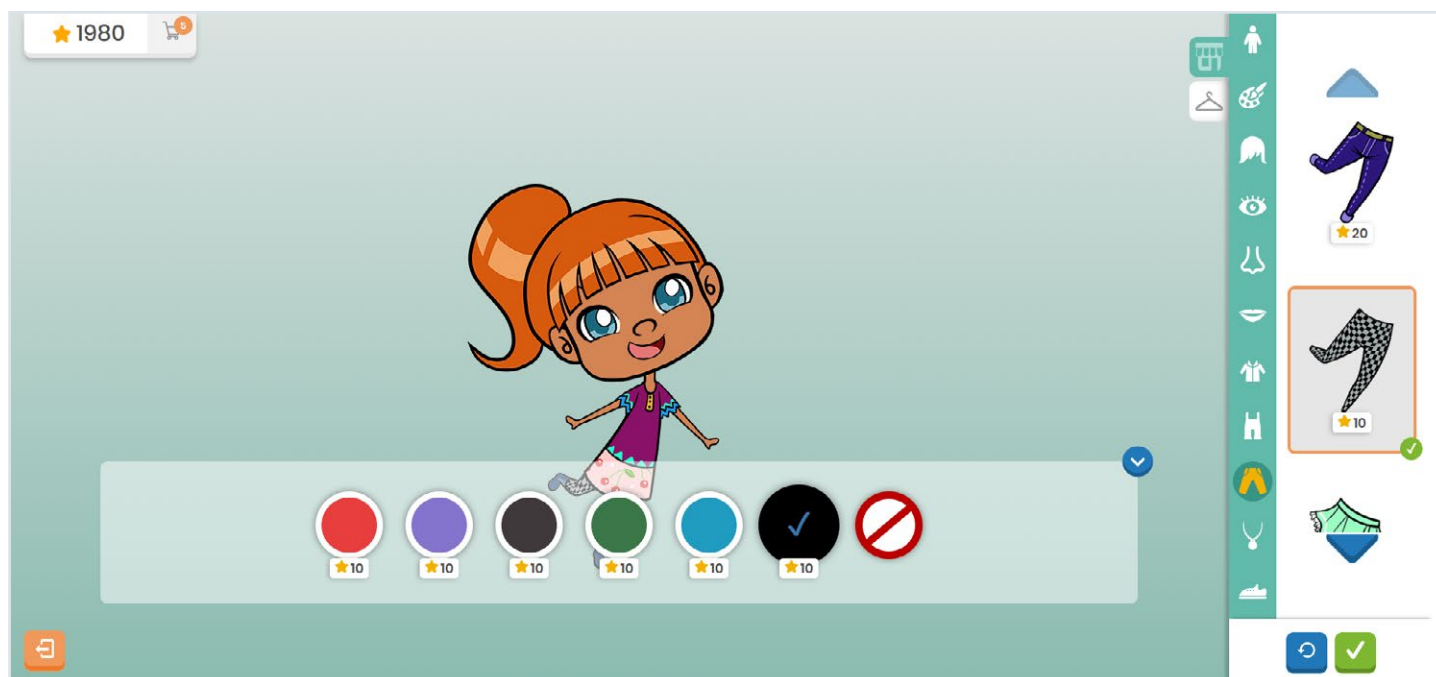

Achieving a new **High Score** = 10 credits

Earning **1st Place** = 5 credits

### Assessments

Result 20-85% = 20 credits

Result >85% = 40 credits

The logo for Mathletics, featuring the word "Mathletics" in white text on a blue, rounded rectangular background. The background consists of several overlapping, semi-transparent blue shapes that create a sense of depth and movement.
