

# Quick Guide to Differentiation with Readiwriter Spelling

Readiwriter

Spelling

## 1 Assign a Live Pre-Test/Post-Test

- Click **Teach** 
- Select a word list under **My Resources**
- Click **Measure**
- Click **Pre-Test/Post-Test**
- Select students
- Click **Launch Live activity**

You can allow students to use audio or not. You will find results in Measure – Results.

## 2 Create learning groups

- Click **Manage Students** 
- Click **+ New Group**
- Enter name and course level
- Select the group from the drop down across from students names
- Click **Apply**

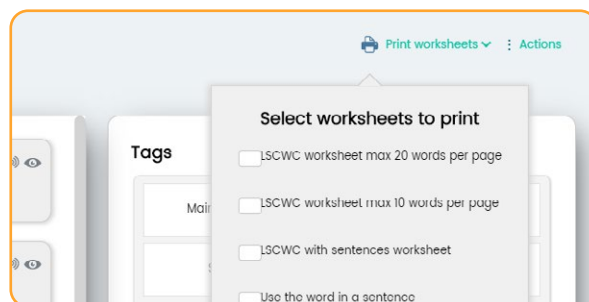

You can move students in and out of groups according to their progress throughout the year.

## 3 Print worksheets for any level of learning

- Click **Plan** 
- Select a **word list**
- Click **Print worksheets**
- Click **Print**

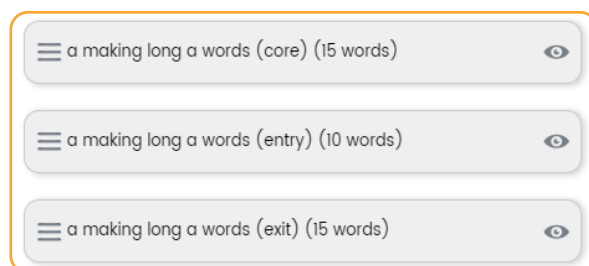

You have a variety of options for the worksheets including max number of words per page and using words in a sentence.

## 4 Use Core, Entry, and Exit level words

- Click **Plan** 
- Click **Courses**
- Select the word list and level (core, entry, or exit)
- Select the group you would like to assign to
- Drag the edited word list into **Assign**

All courses and word lists are presented in 3 levels (core, entry and exit) to assist teachers in delivering differentiated learning.

## 5 Import bespoke word lists for your class, a specific group, or individual students

- Click **Plan** 
- Click **Import word list**
- Select **Choose a file or paste words here**
- Click **Import**
- Name your word list and select year group(s)
- Click **Next** and you're done

The files must be xlsx, xls or csv. There is an easy to use template you can download under choose a file.
