# Reading Eggs/ Eggspress Reports

The reports section allows you to view class and student data. You can view data like, lessons complete, driving tests mastered, course progress and even if your students are working at grade level. You can also export individual student reports. Below are some quick instructions on how to find a few of the popular reporting features.

Dashboard

In Dashboard, check out a snapshot view of how you class is progressing. You can drill down by clicking on the results you are interested in.

1. Click Reports
2. Click Dashboard
3. Toggle from Chart to Table at the top of the screen to drill down to student results
4. Click on the student's name
5. Click on Export to print full report

Subject Reporting

Drill-down to view student and class results across key subject areas.

1. Click Reports
2. Click the subject area
3. Review the results

Certificates

Using certificates can help you celebrate student's achievements!

1. Click Reports
2. Click Certificates earned
3. Export to print
