

Supporting all Learning Areas of the Australian Curriculum

ABC Reading Eggs is more than just an amazing tool for building students' essential reading and comprehension skills. Over 2,000 eBooks in the **Reading Eggs Library** cover a vast array of topics from Antarctica to Zoo Animals.

Reading Eggs can support your teaching program with texts that are accessible to both you and your students, you also don't have to take turns borrowing a book like your regular school library!

Many eBooks in the library also have dedicated book notes, printable activities, chapter and book quizzes, so you can easily test your students' knowledge of topics as they go.

This guide allows you to quickly find the **Reading Eggs Library** books applicable to the Australian Curriculum content descriptions. Mathematics, Science, History and Geography are covered, as well as the three cross-curriculum priorities.

Reading Eggs brings you a wealth of extra resources at the click of a button, so start 'eggsploring' today!
