

## Materials Check List

Below are all the items you'll need for this project.

### Teacher Guide

**Tip!** Print yourself a copy so it's easily accessible.

### Student Workbooks

**Tip!** We suggest you photocopy a workbook for each student.

### Seeds

You'll be able to find these at a hardware store, nursery or supermarket.

### Plant Pots

Head to your local hardware store, nursery or supermarket.

**Tip!** A plastic cup will work perfectly as a pot for your students' plants.

### Soil

Head to your local hardware store or nursery.

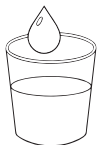

**Tip!** Peat Pellets are a fantastic alternative to a bag of soil.

### Stickers

Each activity in the Student Workbook has a designated sticker space. We encourage you to recognise your students progress at the end of each activity by rewarding them with an awesome sticker.

Head to a local supermarket or stationary store and grab your students' favourite stickers!

### Water

Tap water is perfect.

### Scissors

**Tip!** Make sure you have enough for all your students.
